CP Local App IP

Problem (public)

How should one change the IP address of components in the CP-System MES4 V1
Mobile MES Local App page?

Solution (public)

Please proceed with the following in order to change the IP address on the
local app page:
- Please go to <D:\xampp\htdocs\I4.0\Apps\>;
- Open index.html with a text editor, look for the code block of iDrill, it
should be after line 220;
- Change the IP address there, save the file and refresh the browser page.
