### Keywords

USB Drivers for Festo Didactic devices PSU EasyPort servo Brake drive

### Problem (public)

Do you need an USB driver for:

- EasyPort USB and EasyPort Mini;
- Basic power supply unit EduTrainer;
- Servo brake and drive system;
- EasyKit Controller.

### Solution (public)

The setup can be downloaded and run here:  
[1][www.festo-didactic.com/int-en/services/software/software-licences-trial-version/usb-driver.html](http://www.festo-didactic.com/int-en/services/software/software-licences-trial-version/usb-driver.html).

After the drivers have been installed, the devices are recognized by the system and the appropriate drivers are loaded automatically.

The drivers are also attached.
